

# AUGER DRIVES

## FEATURES:

- Compact High Torque Planetary Gearbox.
- Eaton Motor with Integrated Pressure Relief Valve Eliminating the need for Bulky Valve Blocks while Reducing many Potential Leak Points
- 2 Piece Shaft Design Ensure Maximum Side Load Rating without Increasing Load on Batteries.
- 5 Years Gearbox and 3 Years Motor Warranty Lifetime Shaft Pull-out Warranty.
- Easily converted to a Screw Anchor Drive with the addition of our patented "Anti Kickback Valve"
- Standard Flow and High Flow.

## SIZES

- 1DSS ■ 2DSS ■ 3DSS ■ 4DSS ■ 4DDS

**MULTIPLE CARRIER MOUNTS AVAILABLE.  
PROPER BALLAST REQUIRED.**

The Stinger Attachments Drilling Drives deliver the ultimate in performance, quality and cost effectiveness. The Eaton motor drives have over 30 years of design and development and are a name that is known for reliability. Fitted with Eaton Bell Motors and input housing, the innovative design allows the gearbox to go down the hole to maximize drilling depth without and extension, reducing maintenance and eliminating downtime to maximize performance.
